

SCHEDULE-VI
Decision on EIA

1. Name, address of proponent:

Muhammad Tariq,
Deputy Manager (Environment),
O/O Chief Engineer (EHV) Construction
Project NTDC Room No. 213 NTDC House
34-Gulberg-III, Lahore,
Ph. No. 042-9263223.
Mob: 0333-4348145.

2. Description of project.

The project is for the construction of a 220Kv transmission line. This is a transmission line extension project that will connect in the west to the 220KV Ghazi-Barot-ha to Shahi Bagh TXL (under construction) near Nowshera, and in the east with the existing 220 KV grid station at Mardan. The ingoing and outgoing power transmission facilities will use a single tower line. The proposed TXL line that will traverse an alignment across agricultural lands through three Districts, i.e. Mardan, Charsadda and Nowshera for a length of about 29Km passing through 9 villages of Mardan, 8 villages of Charsadda, and 2 villages of Nowshera.

3. Location of project.

The project is located in District Mardan NWFP.

4. Date of filing of EIA.

28/11/2007

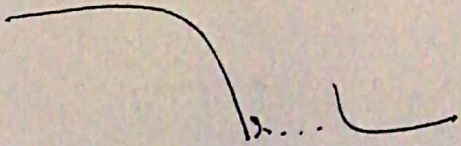

Ref. (EPA Diary No. 1983)

5. After careful review, the Environmental Protection Agency, Govt. of NWFP has decided to accord approval of the Environmental Impact Assessment of Nowshera-Mardan 220 KV In/Out Transmission Line under Power Transmission Enhancement Project in District Mardan of NWFP in line with the guidelines issued by Pak. EPA and IEE/EIA Regulations, 2000 subject to the following terms & conditions:-

- a) The proponent will adopt all precautionary and mitigatory measures identified in EIA report as well as any unanticipated impacts during the construction and operation phase of project.
- b) The proponent must submit by-monthly compliance report.
- c) Submission certification for restoration of site after completion of the activity.
- d) The proponent should provide copy of land agreement with property owner if land acquisition is involved.

- a) Photographs of the proposed area before starting and after project activity should be submitted.
- f) Site camp will be located away from the residential area.
- g) There should be proper and regular sprinkling of water for the control of dust pollution during mobility of heavy vehicles etc.
- h) A copy of the agreement made with the contractor for the mitigation measures/control of environmental/ social pollution during construction process should be provided.
- i) Compensation for crops & trees should be paid to the owner at the market rate.
6. The proponent shall be liable for correctness and validity of the information supplied by the environmental consultant.
7. The proponent shall be liable for compliance of Sections 13, 14, 17 and 18 of IEE/EIA Regulations, 2000, regarding approval, confirmation of compliance, entry, inspections and monitoring.
8. This approval is accorded only for the construction phase of the project. The proponent will obtain approval for operation of the project in accordance with the Section 13 (2) (b) and Section 18 of the IEE/EIA Regulations, 2000.
9. Any change in the approved project shall be communicated to EPA, NWFP and shall be commenced after obtaining the approval.
10. This approval shall be treated as null and void if all or any of the conditions mentioned above is/are not complied with.
11. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
12. There is no legal case pending in the courts against the project.
13. In exercise of the power under Section 12 of the Pakistan Environmental Protection Act, 1997, the undersigned is pleased to approve the EIA Report for Nowshera-Mardan 220 KV In/Out Transmission Line under Power Transmission Enhancement Project with above mentioned terms and conditions.
