

SCHEDULE-V

Decision on IEE

1. **Name, address of proponent:** Engr. Aamer Iqbal,
Director (South),
Small Dams Irrigation Department,
Plot No 27, Sector E-8, Phase-VII,
Hayatabad, Peshawar.
Ph NO. 091-9219555
2. **Description of project:** The proposed Makh Banda dam is to be built on Mitha Algada near village Makh Banda District Karak. The stream bed elevation is 2519 ft above the mean sea level. It will have Gross storage of 946 Acre feet. The creation of reservoir will result in submergence of 25.1 Acres of land. The water from dam reservoir can cater 725 Acres land for irrigation.
3. **Location of project:** The project is located at District Karak.
4. **Date of filing of IEE:** 08-07-2019 (Ref: EPA/Diary No. 1207)
5. After a careful review, the Environmental Protection Agency, Govt. of Khyber Pakhtunkhwa has decided to accord conditional construction Environmental approval of the Initial Environmental Examination (IEE) report of "Makh Banda Dam, District Karak Khyber Pakhtunkhwa," in line with the guidelines issued by Khyber Pakhtunkhwa Environmental Protection Act, 2014 and IEE/EIA Regulations, 2000 subject to the following terms & conditions:-
 - a) The proponent shall adopt all precautionary and mitigation measures identified in IEE Report as well as any unanticipated impacts during the construction and operation phase of project.
 - b) Health and safety measures/Personal Protection Equipments (PPEs) shall be provided to the workers during working hours and detail of the same shall be provided to EPA.
 - c) Forest Department shall be consulted for Tree Plantation and submit detail plan of tree plantation plan to this Agency before commencement of the project activities.

- d) The Proponent must consult the land owner, local people regarding land, buildings and tree compensation before starting physical activities on the site and submit detail report along with their complete addresses to this Agency.
- e) The proponent must provide non technical jobs to the local people of the area.
- f) All the emissions/effluents (if any) shall be kept within the permissible limits of National Environmental Quality Standards (NEQS).
- g) Existing Right of Way (RoW) of irrigation shall be protected.
- h) Proper mitigation measures shall be adopted to avoid land sliding at the Dam site.
- i) Proper mitigation measure shall be adopted for protection of grazing animals/wildlife.
- j) Debris shall be disposed off in pit or designated areas.
- k) The project activities will not be allowed at any disputed land.
- l) The proponent shall be responsible to submit separate IEE report for the proposed Drinking Water supply Scheme from the Dam to the nearby villages for obtaining Environmental Approval.
- m) EPA Monitoring team will regularly visit the project site and will suggest further measures for improvement of Environment.
- n) The proponent shall be responsible to facilitate the EPA team during visit/inspection/monitoring.
- o) The proponent shall be responsible to obtain written confirmation of compliance of the conditions of the construction Environmental Approval before commencing operation of the project as per regulation 13 (2b) and regulation 14(1), which are stated as under:

Regulation 13 (2b) " before commencing operation of the project, obtain from the agency a written confirmation of compliance that the conditions of the approval ,and the requirements given in the IEE or EIA relating to design and construction, adoption of mitigatory and other measures and other relevant matters, have been duly complied with".

Regulation 14(1) "the request for obtaining a written confirmation of compliance under clause (b) of sub-regulation (2) of regulation 13 shall be accomplished by an Environmental Management Plan indicating the measures and procedures proposed to be taken to manage or mitigate the environmental impacts for the life of the project, including provisions for monitoring, reporting and auditing".

6. The proponent shall be liable for correctness and validity of the information provided by the Environmental Consultant.

7. The proponent shall be liable for compliance of Regulations 11,13,14,17 and 18 of IEE/EIA Regulations, 2000, regarding approval, confirmation of compliance, entry, inspections and monitoring.
8. This approval is accorded only for the installation/ construction phase of the project. The proponent will obtain approval for operation of the project in accordance with the Regulation 13 (2) (b) and 18 of the IEE/EIA Regulations, 2000.
9. Any change in the approved project shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
10. This approval shall be treated as null and void if all or any of the conditions mentioned above is/are not complied with.
11. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
12. There shall be no legal case pending in the courts against the project.
13. In exercise of the power under Section-13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the IEE Report for construction phase of the project with above mentioned terms and conditions.

Dated: 11 / 12 /2019
