

SCHEDULE-V

Decision on IEE

1. **Name, address of proponent:** The Executive Engineer,
Marwat Canal Division Bannu,
Irrigation Department, Bannu,
Ph No. 0928-9270063.

2. **Description of project.** Baran Dam was constructed on Baran Nullah as a part of kurram Garhi project and was commissioned in 1962. It is situated towards northwest of Bannu city. The gross designed capacity of the reservoir at elevation 1430ft is 98,000 Acres ft. Presently only 19,907 acres can be irrigated. In 2011 feasibility studies were undertaken which proposed raising of Dam by 7meters (21ft) which can store 100,000 acre ft water. The flood water (100cusecs and above) will be stored.

3. **Location of project.** The project is located in District Bannu.

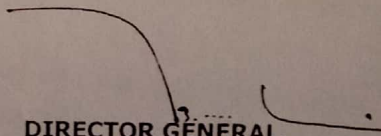

4. **Date of filing of IEE.** 05-12-2016

5. After careful review, the Environmental Protection Agency, Govt. of Khyber Pakhtunkhwa has decided to accord approval of the Initial Environmental Examination for "Raising of Baran Dam, District Bannu", in line with the guidelines issued by Khyber Pakhtunkhwa Environmental Protection Act, 2014 and IEE/EIA Regulations, 2000 subject to the following terms & conditions:-
 - a) The proponent will adopt all precautionary and mitigatory measures identified in IEE report as well as any un-anticipated impacts during the construction and operation phases of project.
 - b) The Ziarat/Shrine/Graves shall be shifted to a safe place using modern technology.
 - c) Present right of way of irrigation should be protected.
 - d) Compensation of the land should be paid on market rate as per Govt Policy.
 - e) Debris should be disposed off in pit or designated areas.
 - f) Non technical jobs should be provided to the local community.
 - g) Tree Plantation Plan should be submitted to this Agency before commencement of the project activities.
 - h) Emissions & effluent (if any) should be brought within the permissible limits of National Environmental Quality Standards (NEQS).

- i) Health and safety measures/Personal Protection Equipments (PPEs) should be provided to the workers during working hours.
 - j) EPA Monitoring team will regularly visit the project site and will suggest further measures for environmental improvement.
 - k) The proponent should be responsible to facilitate the EPA team during visit/inspection/monitoring.
6. The proponent shall be liable for correctness and validity of the information supplied.
 7. The proponent shall be liable for compliance of Regulations 13, 14, 17 and 18 of IEE/EIA Regulations, 2000, regarding approval, confirmation of compliance, entry, inspections and monitoring.
 8. The proponent will be responsible for protection of physical and biological environment. Air, Water and Land should be protected from all kinds of pollution.
 9. This approval is accorded only for the installation/ construction phase of the project. The proponent will obtain operational approval of the project in accordance with the Regulations 13 (2) (b) and 18 of the IEE/EIA Regulations, 2000.
 10. Any change in the approved project shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
 11. This approval shall be treated as null and void if any or all of the conditions mentioned above is/are not complied with.
 12. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
 13. There is no legal case pending in the courts against the project.
 14. The proponent shall submit Environmental economic and financial performance of the project to EPA.
 15. In exercise of the power under Section 13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the IEE Report for construction phase of the project with above mentioned terms and conditions.
