Karapa, District Karak and
the total area of the factory
is 43560 Sq ft.
3. **Location of project.** The Proposed Factory is
situated at Jata Ismail Khel,
Karapa, District Karak
4. **Date of filing of IEE.** 28-05-2009
(Refer: EPA/Diary # 1935)
5. After a careful review, the Environmental Protection Agency, Govt.
of NWFP has decided to accord conditional approval of the Initial
Environmental Examination for the Union Plaster of Paris, District
Karak in line with the guidelines issued by Pak. EPA and IEE/EIA
Regulations, 2000 subject to the following terms & conditions:-
 - a) The proponent will adopt all pre-cautionary & mitigatory
measures identified in IEE report as well as any un- anticipated
impacts during the construction and operation phase of project.
 - b) The proponent will install factory in the area of 43560 Sq ft. In
the factory there will be one hall whose area will about 85 x 30
feet.
 - c) Dust control system should be made which have a special
exhaust to suck all the dust and collected in dust control rooms
having a size 14 x 12 feet. They would always be in working
condition.
 - d) During stone crushing operate machine at low speed to prevent
dust as well as noise pollution. During stone crushing water
should be sprinkled on stone to minimize noise and dust
pollution.
 - e) During calcinations, pressure of the gas should be reduced, also
rotate kettles at low speed to prevent dust and noise pollution.
 - f) Keep the grinding machine at low speed to prevent dust
pollution.

- g) Use fabrics (bag house) filter or electrostatic precipitator.
 - h) Health and safety measures should be provided to the staff. i.e first aid, gloves, dust mask, and rubber boots.
 - i) The factory is located at a distance of 700 m away from the residential area, however forest trees should be planted inside the premises of the factory along the boundary walls for the control of dust movement through wind.
6. The proponent shall be liable for correctness and validity of the information supplied by the environmental consultant.
 7. The proponent shall be liable for compliance of Sections 13, 14, 17 and 18 of IEE/EIA Regulations, 2000, regarding approval, confirmation of compliance, entry, inspections and monitoring.
 8. This approval is accorded only for the construction phase of the project. The proponent will obtain approval for operation of the project in accordance with the Section 13 (2) (b) and Section 18 of the IEE/EIA Regulations, 2000.
 9. Any change in the approved project shall be communicated to EPA, NWFP and shall be commenced after obtaining the approval.
 10. This approval shall be treated as null and void if all or any of the conditions mentioned above is/are not complied with.
 11. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
 12. There is no legal case pending in the courts against the project.
 13. In exercise of the power under Section 12 of the Pakistan Environmental Protection Act, 1997, the undersigned is pleased to approve the IEE Report for Union Plaster of Paris Factory with above mentioned terms and conditions.
