accord approval of the General Environmental Approval (GEA) Report for " **Allied  
Petroleum Pvt. Ltd (Petrol Pump), Timergara Road, Gosam, Tehsil Munda,  
District Dir Lower** " in line with the guidelines issued under the Khyber  
Pakhtunkhwa Environmental Protection Act, 2014 and Environmental Assessment  
Rules-2021, subject to the following terms & conditions: -
- The proponent shall adopt all precautionary and mitigation measures identified in  
GEA Report as well as any unanticipated impacts during construction phase of the  
project.
  - All the emissions/effluents (if any) shall be kept within permissible limits of National  
Environmental Quality standards (NEQS).
  - The proponent shall strictly adhere to building by-laws and site plan during  
implementation of this project so that the risk or danger in case of any calamity could  
be avoided or minimized.
  - The proponent shall ensure strict compliance to the provisions of Oil and gas  
Regulatory Authority (OGRA) Regulations and NFPA requirement in construction,  
installation, operation and maintenance of the project.
  - The safety and emergency measures shall be carried out in the premises of filling  
station like provisions of Personal Protective Equipment to all workers during the  
working hours, installation of fire extinguisher & firefighting system etc.
  - Precautionary sign board and Environmental messages must be mounted at  
appropriate sites.
  - Entry in to and exit rout from the station shall be metallic and must not hamper the  
traffic movement in front of the station.
  - Facilities like prayer area and wash rooms shall be provided with proper septic tank  
and shall be cleaned regularly.
  - Service station require a separate environmental approval from this Agency and is not  
allowed within the premises of the Filling Station under this approval.

- j) Ornamental Plants shall be kept within the premises of the Filling Station and shall take-care of the same.
  - k) Solid waste of the project must be collected on daily basis and properly dispose of at the TMA dumping site.
  - l) No nuisance by way of noise, dust, odor, soil and ground water contamination shall be caused to the public and surrounding environment during construction and operation of the activity.
  - m) All electric motors/devices such as pumps, compressor and generator shall be housed in soundproof enclosures to keep noise level within permissible limit of National Environmental Quality Standard.
  - n) Storage tanks and dispensing system shall be adequately designed, maintained and monitored for prevention of any fuel spillages and toxic emissions.
  - o) Safe treatment and disposal of sludge removed from storage tanks, storm water and wash water during cleaning shall be carried out and lubricating oils, greases and cleaning solvents etc. shall be intercepted before the effluents are permitted to flow in public storm water system.
  - p) The proponent shall provide non-technical jobs to the local community of the project.
  - q) A copy of this approval and GEA report shall be provided to the contractor/ operator for information and compliance.
6. The proponent shall be liable for correctness and validity of the information provided to the EPA in the GEA report and presentation.
  7. EPA monitoring team will regularly visit the project site and suggest further measures for the improvement of environment, the proponent shall be responsible to facilitate the EPA team during visit/inspection/monitoring.
  8. The proponent shall be liable for compliance of Rules 14(2), 15, 18, 19 and 20 of Environmental Assessment Rules 2021, regarding approval, confirmation of compliance, validity, entry, inspections and monitoring.
  9. This approval is accorded only for the installation/ construction phase of the project, **the proponent will obtain approval for operation phase and renewal of the operation approval** after every three years of the project in accordance with the provisions of the Environmental Assessment Rules 2021.
  10. Any change/extension in the approved project shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
  11. This approval shall be treated as null and void if all or any of the conditions mentioned above is/are not complied with.
  12. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
  13. There shall be no legal case pending in the courts against the project.
  14. In exercise of the power under Section-13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the GEA Report for construction phase of the project with above mentioned terms and conditions.
