**Subject: MITIGATION MEASURES FOR IMPROVEMENT OF ENVIRONMENT.**

Reference to your application No. Nill dated: 12/11/2019, and in connection to this office previous letter No EPA/DS/CP /1064 dated 30/10/2019, an official of this Agency visited your crush plant on 17/11/2019, and in the light of visit report you are directed to adopt following mitigation measures:

1. Obtain a valid license from Industry Department and adopt the following measures within 15 days from the issuance of this order.
2. Construct Dust and Noise control rooms over the Screen and on the crusher / Jaw Crusher of the Crush Plant to avoid air and noise pollution according to the standard operating procedures (SOPs).
3. Bring Noise level of your crush plant machines to permissible limit according to NEQs (up to 55 dB for residential while 65 dB for commercial areas during day time).
4. Cover the crushed material with Tarpaulin sheet to avoid dust pollution.
5. Provide proper safety equipment (masks, Gloves, Shoes etc.) and other health and safety measures to the workers with a direction to use in working hours/ during operation.
6. Carry out water sprinkling on raw/ crushed materials before and after crushing as well as in the surrounding to minimize dust pollution in the vicinity.
7. Carry out plantation in open spaces/ surrounding of the crush plant (If space is available).

Furthermore, this office will carry out routine monitoring to check the compliance of above mentioned mitigation measures. In case of non compliance, legal action will be initiated against you under the provision of Khyber Pakhtunkhwa Environmental Protection Act, 2014.
