

**SCHEDULE-VIII**  
**Decision on IEE**

1. **Name & address of Proponent:** Mr. Haji Sheraz Ud din (owner),  
Zamong Textile Mill,  
Plot# 117, Hayat Abad Industrial Estate,  
Peshawar.  
Contact No. 091-5891251, 091-5891443.
  
2. **Description of Project:** The proposed project for which Initial Environmental Examination (IEE) is being conducted is "Installation of Boiler for Electricity Production of 7.9MW and construction of effluent/emission pollution control technology by Zamong Textile Company located at Plot No. 117 Jamrud road Hayat Abad Industrial Estate Peshawar, Khyber Pakhtunkhwa. The proposed project will supply electricity to Zamong Textile Mill to make them able to meet their energy demand for regular operations. Capacity of the coal power plant will be 7.9 MW. For this purpose coal will be used as fuel for steam generation.
  
3. **Location of Project:** The project site is located at plot no. 117 Industrial Estate Hayat Abad Peshawar.
  
4. **GPS Coordinates;** N 33.989557 E 071.42570

  
DIRECTOR  
Environmental Protection Agency  
Govt. of Khyber Pakhtunkhwa  
Peshawar

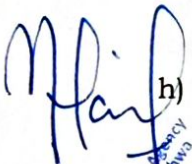

ZAMONG TEXTILE INDUSTRIAL ESTATE HAYATABAD, PESHAWAR

5. **Date of Filing of IEE:** 22-01-2021 (Ref: EPA Diary No.694)
  
6. After careful review, the Environmental Protection Agency, Govt. of Khyber Pakhtunkhwa has decided to accord **construction approval** of the Initial Environmental

Examination for "Installation of Boiler for Electricity Production for 7.9MW Power Plant and construction of effluent/emission pollution control technology by M/S Zamog Textile Company Pvt Limited located at Plot No. 117 Jamrud road Hayat Abad Industrial Estate Peshawar, Khyber Pakhtunkhwa" according to Khyber Pakhtunkhwa Environmental Protection Act, 2014 and Khyber Pakhtunkhwa Environmental Assessment Rules,2021 subject to the following terms and conditions:

- a) The proponent shall adopt all precautionary and mitigation measures reflected in the submitted IEE Report as well as replies of the proponent submitted to this Agency and any un-anticipated impacts arising during the construction and operation phase of the project.
- b) The proponent shall ensure the compliance and implementation of National Environmental Quality Standards (NEQs) for air, noise, water and gaseous emission during the construction and operational phase of the project.
- c) The proponent shall provide the copy of this approval and IEE report to the contractor for information and compliance.
- d) Proper disposal mechanism shall be adopted for waste, ash and sludge generated from project.
- e) The approval period of the project shall not be more than the period which the government has committed in the international agreement/treaty for such category of projects.
- f) The proponent will construct a proper waste water treatment plant which will bring the effluent discharge within the NEQS limits which may include but not limited to screening, primary treatment, secondary treatment and tertiary treatment with filter of sand & gravel, secondary sedimentation tanks chemical tanks, coagulation/chelation tanks etc.
- g) The proponent will construct proper air pollution control system which will bring the emissions within the NEQS levels which may include but not limited to dry bag house filters, wet scrubber and cyclone etc.
- h) The proponent shall submit analysis report to this Agency for stack and effluents discharge on monthly basis for the SO<sub>x</sub>, NO<sub>x</sub>, CO<sub>x</sub>, Particulate Matter, Heavy Metals (If any) , H<sub>2</sub>S, TDS, TSS, COD, Sulfide and other parameters as determined in SMART rules-2001.
- i) The proponent will provide an access point to the team of this Agency for stack analysis and effluent sampling.
- j) The proponent will ensure water conservation at the project which may include but not limited to installation of water meters at water withdrawal points and will take all possible measures for the recycling/reuse of treated water.
- k) The coal stock/yard shall be well protected and covered to avoid air and water pollution.
- l) Approval from Power and Energy Department and WAPDA for metering/transmitting activities etc. shall be taken (if required).
- m) The proponent shall ensure the implementation of health and safety measures for the protection of workers. For operation activities, job safety analysis plan shall be submitted to this Agency prior to operation of the project.
- n) Plantation plan shall be calculated on the basis of emissions from the unit and shall be carried out in the available spaces in the city.
- o) Non-technical jobs must be provided to local community. Preference shall be given to the locals in the technical jobs.
- p) No extension should be permitted in the future in the existing project without prior approval of the EPA Govt. of Khyber Pakhtunkhwa.
- q) The proponent is bound to implement any additional measures for the protection of Environment as and when suggested by EPA.

  
DIRECTOR  
Environmental Protection Agency  
Govt. of Khyber Pakhtunkhwa  
Peshawar

- r) If any issues come up during execution of the project the proponent shall be made bound to address those issues which are unforeseen and not identified in the IEE Report.
  - s) Environment related messages shall be mounted in and outside of the project area.
  - t) Sign boards must be installed on the sensitive area for guidance of the workers as well the visitors.
  - u) The worker shall be provide personal protective equipments for health and safety. A proper CSR plan shall be design for welfare of the workers.
7. EPA monitoring team will regularly visit the project site. The proponent shall be responsible to facilitate the EPA team during monitoring. EPA reserve the right to stipulate additional conditions if found necessary
  8. The proponent shall be liable for correctness and validity of the information supplied by the environmental consultant.
  9. The proponent shall be liable for compliance of 14, 15, 18, 19 and 20 of Khyber Pakhtunkhwa Environmental Assessment Rules, 2021, regarding approval, confirmation of compliance, entry, inspections and monitoring.
  10. This approval is accorded only for the installation/ construction phase of the project and effluents/emission treatment plant. The proponent will obtain approval for operation of the project in accordance with the Rule 15 (1) of Khyber Pakhtunkhwa Environmental Assessment, Rule 2021.
  11. Any change in the approved project shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
  12. This approval shall be treated as null and void if all or any of the conditions mentioned above is/are not complied with.
  13. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
  14. There is no legal case pending in the courts against the project.
  15. In exercise of the power under Section 13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the IEE Report for **Construction Phase** of the project with above mentioned terms and conditions.
