Subject:

**DECISION ON ENVIRONMENTAL APPROVAL FOR QUALITY
POULTRY OIL PROTEIN PROCESSING INDUSTRIES
LOCATED AT 153-A, PHASE V, HATTAR INDUSTRIAL
ESTATE, HARIPUR.**

With reference to the subject cited above, please find enclosed herewith the Environmental Approval/Decision Note on EIA Report of the subject project for your information and further implementation.

Moreover, **Schedule-X** must be submitted to this Agency within a month on Stamp Paper as an undertaking for the compliance of terms and conditions as mentioned in the Environmental Approval as well as mitigation measures proposed in the EIA Report. (Copy enclosed).

Director General

Copy for information and necessary action to the;

- Director (North), EPA Northern Directorate, Abbottabad.
- GIS Specialist, EPA, HQ, Peshawar.

SCHEDULE-VII
DECISION ON EIA

1. **Name, address of proponent:**

Malik Muhammad Ashraf,
S/O Malik Lal Khan,
Mohalla Rajal, P/O Khas, Pad Marar,
Tehsil and District Khoshab.
Contact No. (+)92-313-7195775.

2. **Description of project:**

The production capacity will be 100 Ton/day refined oil. The power requirement for the industry will be up to 400 KVA. The total cost of the project is estimated to be 15 million Rs. One boiler and 04 cookers will be installed in the unit. The total land area of the project site will be one acre. The water requirement for boiler and condensation process will be 30-meter cube. A wastewater treatment plant will be installed. Two type of pollution Control technology will be installed for smell control. One direct incineration of smell into boiler and second condensation of smell, which wastewater will be treated in wastewater treatment plant.

3. **Location of project.**

Plot No. 153-A, Phase VI,
Hattar Industrial Estate, Haripur

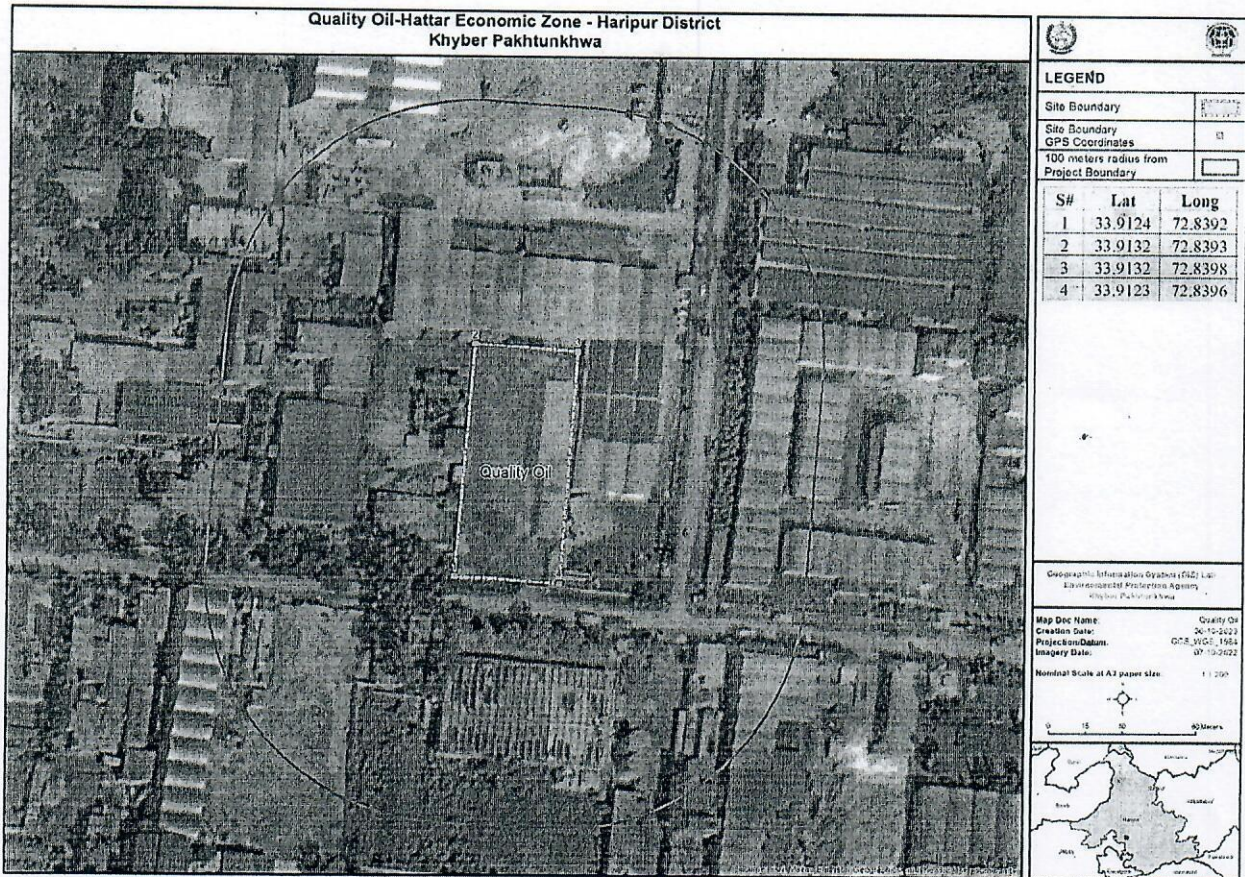

4. **Date of filing of EIA.**

23/05/2023 (Diary No. 269)

5. **GPS Coordinates and Map.**

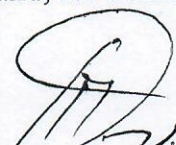

S#	Lat	Long
1	33.9124	72.8392
2	33.9132	72.8393
3	33.9132	72.8398
4	33.9123	72.8396

6. After careful review, the Environmental Protection Agency, Government of Khyber Pakhtunkhwa has decided to accord approval on the Environmental Impact Assessment (EIA) Report of **“QUALITY POULTRY OIL PROTEIN PROCESSING INDUSTRIES LOCATED AT 153-A, PHASE V, HATTAR INDUSTRIAL ESTATE, HARIPUR”** according to the Khyber Pakhtunkhwa Environmental Protection Act, 2014, and the Khyber Pakhtunkhwa Environmental Assessment Rules, 2021 subject to the following terms and conditions: -
- a. The proponent will adopt all precautionary and mitigatory measures identified in EIA report as well as any un-anticipated impacts during the construction and operation phase of project.
 - b. The identified parameters like BOD, COD, H₂S and NH₃ etc. will be analyzed during operational phase of the project from EPA KP certified laboratory and regular report submission to EPA shall be ensured.
 - c. Poultry waste must be covered during the transportation.
 - d. Poultry waste must not be left in open atmosphere. Bad smell control mechanism at the raw material storage vicinity shall be shared with this Agency before operational phase. Moreover, raw material shall be processed within 24 hours and no waste shall be left longer.
 - e. All leakages from the cookers/machinery must be avoided and Teflon threads shall be used for this purpose.
 - f. Fumigants must be used inside the hall of the unit where cookers are installed and where the poultry waste is stored.
 - g. The proponent must not discharge untreated waste water into the surface water body. All the effluents shall be properly treated through Bio-filters and waste water treatment

- plant to achieve NEQS compliance before final discharge. Moreover, the waste water shall be recycled as committed in the replies submitted to this Agency.
- h. For the air pollution control, the management shall comply stack emissions for NEQS and the proponent shall install wet scrubbing system.
 - i. Condensers and thermal cracking arrangements shall be installed for control of bad smell from the cooking process.
 - j. The proponent will be bound to control its emission and effluents not to exceed the permissible limits of National Environmental Quality Standard (NEQS).
 - k. Solid waste of the unit shall be properly disposed off in environmentally friendly manner in consultation with management of the Industrial estate. The waste shall not be disposed of or burnt openly.
 - l. Health and safety equipment must be provided to the workers of the unit and shall ensure its practice during working hours.
 - m. Environmental Management Plan (EMP) must be strictly followed and annual reports shall be shared with this Agency.
 - n. Plantation of 10-15 feet size plants of Chinar and Deodar should be carried out inside and outside the boundary wall of the unit. Moreover, seasonal plantation campaign shall be launched with intimation and invitation to this Agency.
 - o. All vehicles, generators and other equipment shall be properly tuned and maintained in good working condition in order to minimize emission of pollutants.
 - p. Water sprinkling shall be carried out where required to reduce the public nuisance caused by the dust emissions.
 - q. Non-technical jobs shall be provided to the locals. Preference shall also be given to the locals in technical jobs subject to the availability of eligible candidates. Details of the same shall be shared with EPA KP.
 - r. Analysis reports of emissions, noise, effluents of the unit from EPA, Khyber Pakhtunkhwa certified laboratory shall be submitted to this Agency on quarter basis.
 - s. Health & Safety sign boards/posters shall be installed in various places within the project area.
 - t. The proponent will install water meters on all the water extraction sources for sustainable use of the resource.
 - u. As committed, CSR activities shall be launched in the area and detail of the same shall be submitted to this Agency.
 - v. Proper funds shall be allocated in the ESMP (Environmental and Social Management Plan) for environmental improvement & awareness. Activities shall be carried out in this regard in coordination with EPA KP.
 - w. The management shall be bound to adopt any additional mitigation measures suggested by EPA from time to time during construction & operation of the project activities.
 - x. The proponent shall submit quarterly compliance report of the above-mentioned conditions to this Agency.
7. The proponent shall be liable for correctness and validity of the information provided by the environmental consultant.
 8. The proponent shall be liable for compliance of Rule 14, 15, 16, 18, 19 and 20 of the Khyber Pakhtunkhwa Environmental Assessment Rules, 2021 regarding approval, confirmation of compliance, entry, inspections and monitoring.
 9. This approval accorded by the Agency under section 13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, and shall be valid, for commencement of construction for a period of two years from the date of issuance.

10. This approval is accorded only for the construction phase of the project. The proponent shall obtain separate approval for operation phase of the project in accordance with Khyber Pakhtunkhwa Environmental Assessment Rules, 2021.
11. Any change/extension in the approved project design shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
12. This approval shall be treated as null and void, if all or any of the conditions mentioned above is/are not complied with:
13. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
14. There shall be no legal case pending in the courts against the project.
15. In exercise of the power under Section-13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the EIA Report of **“Quality Poultry Oil Protein Processing Industries Located at 153-A, Phase V, Hattar Industrial Estate, Haripur”** only for the construction phase with above-mentioned terms and conditions.
