To

Mr. Noor Had Gul (owner),
Rahi Poultry Protein,
Plot No. 94 & 94-A, Phase-V, Hattar Industrial Estate,
District Haripur.

Subject: **DECISION ON THE EIA REPORT OF RAHI POULTRY PROTEIN PVT LTD, PLOT #94, 94-A, PHASE-V, INDUSTRIAL ESTATE HATTAR, HARIPUR**

With reference to the subject cited above, please find enclosed herewith the Environmental Approval/Decision Note on EIA Report of the subject project for your information and further implementation.

Moreover, **Schedule-X** must be submitted to this Agency within a month on Stamp Paper as an undertaking for the compliance of terms and conditions as mentioned in the Environmental Approval as well as mitigation measures proposed in the EIA Report. (Copy enclosed).

Director General

Copy for information and necessary action to the;

- Director (Norht), EPA Regional Office, Abbottabad.
- GIS Specialist, EPA, HQ, Peshawar.

**SCHEDULE-VII
DECISION ON EIA**

1. **Name, address of proponent:** Mr. Noor Had Gul (owner),
Rahi Poultry Protein,
Plot No. 94 & 94-A, Phase-V, Hattar Industrial
Estate, District Haripur.

2. **Description of project:** The proposed project of poultry feed is located at Plot No. 94, 94-A, Phase V, Hattar Industrial Estate, Haripur. The total land area of the project site is 1.25 Acre. The production and capacity of the proposed project products will be 20,000 kg per shift, 32 % protein production and 8 % oil production capacity. Natural gas and wood will be used as a fuel during operational phase of proposed project. Bio filtration plant will be used for the treatment of the wastewater. For smell control two types of available technologies will be applied. The boiler gaseous discharge will be directly incinerated. Second is the condensation of smell. The generated waste water will be treated in wastewater treatment plant.

3. **Location of project.** Plot No. 94, 94-A, Phase V,
Hattar Industrial Estate, Haripur

4. **Date of filing of EIA.** 06/09/2023 (Diary No. 478)

5. **GPS Coordinates and Map.**

S#	Lat	Long
1	33.9124	72.8348
2	33.9127	72.835
3	33.9127	72.8351
4	33.9126	72.8357
5	33.912	72.8356
6	33.9121	72.8346

(Handwritten Signature)

6. After careful review, the Environmental Protection Agency, Government of Khyber Pakhtunkhwa has decided to accord approval on the Environmental Impact Assessment (EIA) Report of "RAHI POULTRY PROTEIN PVT LTD, PLOT #94, 94-A, PHASE-V, INDUSTRIAL ESTATE HATTAR, HARIPUR" according to the Khyber Pakhtunkhwa Environmental Protection Act, 2014, and the Khyber Pakhtunkhwa Environmental Assessment Rules, 2021 subject to the following terms and conditions: -

- a. The proponent will adopt all precautionary and mitigatory measures identified in EIA report as well as any un-anticipated impacts during the construction and operation phase of project.
- b. The identified parameters like BOD, COD, H₂S and NH₃ etc. will be analyzed during operational phase of the project from EPA KP certified laboratory and regular report submission to EPA shall be ensured.
- c. Poultry waste must be covered till its injection in the cookers.
- d. Poultry waste must not be left in open atmosphere.
- e. Lids of the cookers must not be left open and all leakages of the cookers/machinery must be avoided. Moreover, Teflon thread shall be used to prevent any leakages.
- f. Raw material/poultry waste during transportation must be covered.
- g. Fumigants must be used inside the hall of the unit where cookers are installed and where the poultry waste is stored.
- h. The proponent must not discharge untreated waste water into any fresh surface water body. All the effluents shall be properly treated in the Bio-filtration plant or as suggested by this Agency during operational phase to achieve NEQS compliance before final discharge.
- i. The proponent will be bound to control its emission and effluents not exceeding the permissible limit of National Environmental Quality Standard (NEQS).
- j. Solid waste of the unit shall be properly disposed of in environmentally friendly manner in consultation with management of the Industrial estate. The waste shall not be disposed off or burnt openly.
- k. Health and safety equipment must be provided to the workers of the unit and shall ensure its practice during working hours.
- l. Environmental Management Plan (EMP) must be strictly followed.
- m. Plantation of of Chinar and Deodar should be carried out inside and outside the boundary wall of the unit. Moreover, seasonal plantation campaign shall be launched with intimation to this Agency.
- n. All vehicles, generators and other equipment shall be properly tuned and maintained in good working condition in order to minimize emission of pollutants.
- o. Water sprinkling shall be carried out where required to reduce the public nuisance caused by the dust emissions.
- p. Non-technical jobs shall be provided to the locals. Preference shall also be given to the locals in technical jobs subject to the availability of eligible candidates. Details of the same shall be shared with EPA KP.
- q. Analysis reports of emissions, noise, effluents of the unit shall be submitted to this Agency on quarter basis from the Agency certified laboratory.
- r. Health & Safety sign boards/posters shall be installed in various places within the project area.
- s. The proponent will install water meters on all the water extraction sources for sustainable use of resources.

- t. As committed, CSR activities shall be launched in the area and detail of the same shall be submitted to this Agency.
 - u. The management shall be bound to adopt any additional mitigation measures suggested by EPA from time to time during construction & operation of the project activities.
 - v. The proponent shall submit quarterly compliance report of the above-mentioned conditions to this Agency.
7. The proponent shall be liable for correctness and validity of the information provided by the environmental consultant.
 8. The proponent shall be liable for compliance of Rule 14, 15, 16, 18, 19 and 20 of the Khyber Pakhtunkhwa Environmental Assessment Rules, 2021 regarding approval, confirmation of compliance, entry, inspections and monitoring.
 9. This approval accorded by the Agency under section 13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, and shall be valid, for commencement of construction for a period of two years from the date of issuance.
 10. This approval is accorded only for the construction phase of the project. The proponent shall obtain separate approval for operation phase of the project in accordance with Khyber Pakhtunkhwa Environmental Assessment Rules, 2021.
 11. Any change/extension in the approved project design shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
 12. This approval shall be treated as null and void, if all or any of the conditions mentioned above is/are not complied with:
 13. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
 14. There shall be no legal case pending in the courts against the project.
 15. In exercise of the power under Section-13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, the undersigned is pleased to approve the EIA Report of "**RAHI POULTRY PROTEIN PVT LTD, PLOT #94, 94-A, PHASE-V, INDUSTRIAL ESTATE HATTAR, HARIPUR**", only for the construction phase with above-mentioned terms and conditions.
