

SCHEDULE-VIII

Decision on IEE

1. **Name & address of Proponent:** Mr. Nauman Dawood Khan,
Plot # 7/1, Phase-IV, Hattar Industrial Estate,
District Haripur.
Contact # 0995-352521-2.

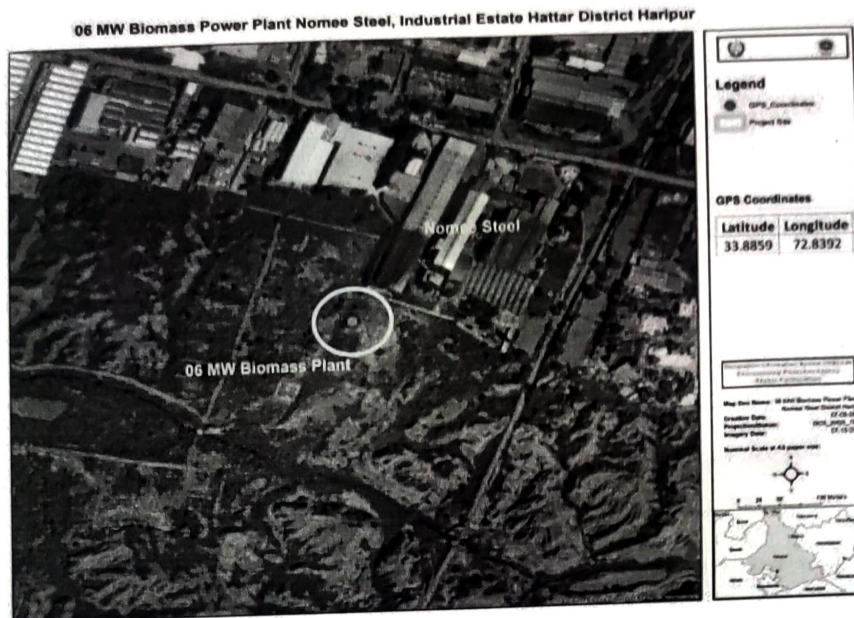

2. **Description of Project:** "The proposed project for which Initial Environmental Examination (IEE) is conducted is **"06 MW Power Generation Plant, Nomee Steel Pvt. Ltd. at Plot # 7/1, Phase-IV, Hattar Industrial Estate, District Haripur"**. The area has already been declared as "Industrial Estate / Economic Zone" by the concerned authorities and the total area of the proposed project site is 43 kanals and 19 marlas. Nomee Steel Pvt. Ltd. is using state of the art machinery leads to an efficient production process helping to keep the cost of electricity low. The prime purpose of setting up the power plant is to produce electricity with the following criteria;
- The generated power should be economical in comparison with grid supply.
 - Power generation process must be compatible to prevalent environmental standards, reliable and plant & equipment must have a life cycle of 20 years or more.
 - The generation process must be able to supply power on 24/365 basis, with the exception of planned maintenance shutdowns.
 - Generation option is selected on "least cost basis" in terms of capital, fuel and maintenance cost.

3. **Location of Project:** The project site is located at Hattar Industrial Estate, District Haripur.

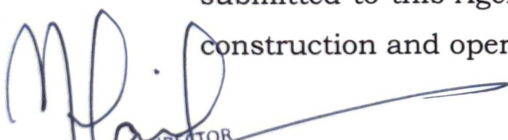

4. **GPS Coordinates & Map:**

Latitude	Longitude
33.8859	72.8392

5. **Date of Filing of IEE:** 24/7/2024 (Ref: EPA Diary No.2619)
EPA Northern Directorate.
6. After careful review, the Environmental Protection Agency, Govt. of Khyber Pakhtunkhwa has decided to accord approval of the **"06 MW Power Generation Plant, Nomee Steel Pvt. Ltd. at Plot # 7/1, Phase-IV, Hattar Industrial Estate, District Haripur"** according to Khyber Pakhtunkhwa Environmental Protection Act, 2014 and Khyber Pakhtunkhwa Environmental Assessment Rules, 2021 subject to the following terms and conditions:
- This approval is accorded under Section-13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014.
 - This approval is accorded in light of the decision taken under Agenda item No. 06 in the 2nd Environmental Protection Council (EPC) meeting held dated 11/09/2024 and Administrative Department Notification No. SO(Env)/CCFEWD/4-2/2023/EPC/V-III dated 22/01/2025.
 - This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force. The proponent shall have to obtain NOCs required from other departments under the prevailing laws/rules of the provincial government before commencement of the project.
 - The proponent shall provide the copy of this approval and IEE report to the contractor for information and compliance.
 - The proponent shall adopt all precautionary and mitigation measures reflected in the submitted IEE Report as well as replies of the proponent submitted to this Agency and any un-anticipated impacts arising during the construction and operation phase of the project.

DIRECTOR
Environmental Protection Agency
Govt. of Khyber Pakhtunkhwa
Peshawar

- f) A pollution control system/bag house filter shall be installed with the power plant for the control of air/dust emissions.
- g) The proponent shall ensure the compliance and implementation of National Environmental Quality Standards (NEQs) for ambient air, noise, water and gaseous emission during the construction and operational phase of the project.
- h) Proper disposal mechanism shall be adopted for the ash produced during the power production using biomass as a fuel as mentioned in the IEE report and reply submitted.
- i) Separate areas shall be designated for the storage of coal and other biomass fuels (if any).
- j) The proponent shall make an agreement with cement industry regarding safe disposal/reuse of the ash produced in the power plant and submit the same to this Agency before operational stage of the project.
- k) The wastewater produced during the operation shall be recycled in order to conserve water resources.
- l) The coal must be dumped into chutes and stacked by a coal stacker in a covered coal stockyard.
- m) The coal must be transported from coal stockyard to clinker kiln through belt conveyers.
- n) There shall be proper dust suppression system/water sprinkling system at the coal stockyard to control the dust emission.
- o) Adequate ventilation shall be provided in the work areas to reduce the heat and humidity.
- p) Warning signs shall be installed near the high temperature areas/surfaces.
- q) The quality of the coal must be according to the specification provided in the additional documents in the IEE Report.
- r) The proponent shall ensure the implementation of health and safety measures for the protection of workers and also provide first aid kit for emergency.
- s) The proponent shall install state of the art Fire Fighting system for fire hazards.
- t) The Emergency Response Plan shall be prepared and shall be implemented throughout the construction and operational stage of the project.
- u) Non-technical jobs must be provided to local community.
- v) The proponent is bound to implement any additional measures for the protection of Environment as and when suggested by EPA.
- w) Environment related messages shall be mounted in and outside of the project area.

- x) Sign boards must be installed on the sensitive area for guidance of the workers as well the visitors.
- y) 1000 fast growing Plants of native species in consultation with forest department shall be planted under intimation to this office.

7. The proponent shall be liable for correctness and validity of the information supplied by the environmental consultant.
8. The proponent shall be liable for compliance of 14, 15, 18, 19 and 20 of Khyber Pakhtunkhwa Environmental Assessment Rules, 2021, regarding approval, confirmation of compliance, entry, inspections and monitoring.
9. This approval is accorded only for the installation/ construction phase of the project. The proponent will obtain approval for operation of the project in accordance with the Rule 15 (1) of Khyber Pakhtunkhwa Environmental Assessment, Rule 2021.
10. Any change in the approved project shall be communicated to EPA, Khyber Pakhtunkhwa and shall be commenced after obtaining the approval.
11. This approval does not absolve the proponent of the duty to obtain any other approval or clearance that may be required under any law in force.
12. There shall be no legal case pending in the courts against the project.
13. In exercise of the power under Section 13 of the Khyber Pakhtunkhwa Environmental Protection Act, 2014, **delegated vide letter No. EPA/050/01/93/1730-34 dated 03/04/2025**, the undersigned is pleased to approve the IEE of "06 MW Power Generation Plant, Nomee Steel Pvt. Ltd. at Plot # 7/1, Phase-IV, Hattar Industrial Estate, District Haripur" of Khyber Pakhtunkhwa for the **Construction Phase** of the project with the above mentioned terms and conditions.
